THE HALIBURTON COUNTY ECHO
AND MINDEN RECORDER

Vol. 102 No. 51 Wednesday, September 19, 1984 'Voice of the Highlands' 12 pages 35 cents

Bicroft reeve Bill Howe cuts the ribbon to officially open the new municipal office and library at Cardiff Townsite on Saturday afternoon. Assisting him are county warden Lyle McKnight, left, MPP John Eakins, right, members of Bicroft council and other dignitaries who took part in the event.

Bicroft opens new municipal building

Haliburton County's youngest municipality has a new municipal office and library. The Bicroft Township building was opened officially Saturday afternoon at a ceremony attended by a large contingent of local ratepayers, municipal and county representatives, library staff and other invited guests.

Bicroft reeve Bill Howe performed the ribbon cutting ceremony to declare the building open, aided by his councillors and other dignitaries.

In an address prior to the ribbon cutting, Howe noted that Bicroft, which became a municipality on December 1, 1983 after more than 20 years as an 'improvement district' (the only one in Ontario), is unique as an urban setting of subdivision homes in the rugged topography of Haliburton County. With a relatively young and transient population, Bicroft's "problems are somewhat different from other areas" the reeve said. Since the townsite houses a wide cross section of people ranging from young families to retired couples, "there is a need for many services" he said.

Bicroft's library has grown in recent years, the reeve noted, adding that "local people make good use of it." Although Bicroft's population is the smallest among the 10 municipalities in Haliburton County, its library is second only to Dysart's in yearly transactions, Howe said.

County Warden Lyle McKnight congratulated Howe and the people of Bicroft for the work that made the new office and library complex possible, describing the municipality as "aggressive as well as progressive."

He said the contribution that Bicroft makes to the life of Haliburton County "is no less because your population is small."

MPP John Eakins brought greetings and congratulations on behalf of the province, and participated in the ribbon cutting ceremony.

County representatives on hand for the occasion included Cardiff reeve Mac Peters, Monmouth deputy reeve Harry Clark, Lutterworth

Two women drown in lakes

Two people drowned in separate mishaps at lakes in Haliburton County last week.

A 74 year old North Colborne, Ontario woman drowned last Sunday night, September 9, in Horseshoe Lake and a 56 year old Agincourt woman drowned Wednesday, September 12 in Kushog Lake.

Alice Margaret Linstead left her Horseshoe Lake cottage sometime during the night of September 9 and could not be found by her husband in the morning. A ground search using officers and a police dog from Peterborough OPP and a water search by divers from Minden and Lindsay detachments failed to lo-

Planned IGA move upsets councillor

Minden councillor Gary Kenney has taken his fellow municipal representatives to task over the proposed relocation of the IGA store in Minden to a site on Highway 35. In a written presentation last Thursday, Kenney claimed council has "ignored" the matter even though it knew at least five months ago that plans to construct a new store further away from the village core were underway.

While he admitted that "there may very well be no satisfactory alternatives to the (IGA store owners') decision" that address their concerns for the store's future as well as the impact of relocation on the business community, Kenney said council "had an obligation" to discuss the matter openly and look for solutions.

"In terms of economic impact to Minden, the IGA is as important to us as deHaviland, Stelco and Canadair are to other communities," Kenney said.

His main concern centred on the likelihood that the new IGA store would spawn more retail development on the Minden by-pass and hurt traffic flow to main street businesses.

"The move of the IGA from a main street location to Hwy 35 confronts many priorities now part of the Official Plan first draft," Kenney said in his report. "Council's lack of response to even address the issue does not speak well of our intentions to administer the aims and objectives of such important planning decisions."

In particular, the Official Plan draft says the town site is to be the "focus of commercial activity" and that the main street commercial area "will be the central location of retail and service uses for the general population," while Hwy. 35 is to be the location "for uses serving through traffic."

Kenney said that when he asked the planning consultant Robert Lehman about the consequences of relocating the IGA to a Hwy. 35 site, Lehman replied that the "negative impact would be dramatic."

Kenney claimed that he had reported concerns about the possible relocation of the IGA to council on "several" occasions, but that nothing was ever done to assess what council could do about it, and council made no formal approach to the store owners.

Reeve Lyle McKnight said he knew that the store was slated for expansion, and that the present site is unsuitable because of ground conditions.

"I agree with you that we possibly should have been looking at it more carefully," McKnight told Kenney, but the reeve also stressed that he believed council could not have done anything to stop the planned relocation to commercial land adjacent to the Minden Shell station at the south entrance to the village.

"I don't mind going and talking to people," McKnight said, "but I'm not going to be part of any legislation" that would restrict opportunities for business expansion.

Kenney replied that while he was not suggesting that council had any legislative option, talks should have been undertaken in a bid to minimize the impact of the IGA's plans to move farther from the business core.

Councillor Dave Stevens did not appear to share Kenney's concern, noting simply that "the town is spreading out and this is where it's spreading to."

Reeve Lyle McKnight also pointed out that it would not be fair to say that the proposed site for the new store is not part of the village, since it will be on 'town' water and 'town' sewers.

Kenney tabled a resolution calling on the Planning Advisory Committee to detail when the Highway 35 property was reviewed, and what steps can be taken to forestall "the inevitable expansion of duplicate retail services that will spring up around a grocery operation."

The resolution did not find a seconder, and so was left on the table for discussion rather than specific action.

Construction of an entrance road to service the new site has begun.

Martin Lumber plans new corporate office

Construction has begun of a $1.8 million dollar office complex near Harcourt that will be the corporate headquarters of G.W. Martin Lumber Limited.

The four storey, 28,000 square foot building will contain office space for 80 people as well as conference and meeting rooms.

To be built primarily of wood and stone, the structure was designed by architect Donald C. Griffin of Pembroke. It is being erected on a site adjacent to Elephant Lake Road in Harcourt Township by Broadworth Construction of Bancroft.

Dysart et al reeve Murray Fearrey said public concerns about site access, buffer zones and future expansion of the office complex were resolved at a recent meeting, and all necessary approvals have been obtained.

Company president Grenville Martin said Tuesday that the new building will accommodate staff presently working in offices at the Harcourt mill site, as well as staff who may be moved from the company's other divisions. As well, Martin said, some new staff are expected to be hired once the building, scheduled to be completed by May 1, 1985, is in use.

G.W. Martin Lumber Limited presently employs 2700 people at various locations in Ontario. It has

Police News

The Minden Detachment of the Ontario Provincial Police report the following activity for the period of September 10 - 17, 1984: During this period the staff investigated 47 general occurrences, including nine break and enters, eight thefts, three missing persons and delivered three compassionate messages.

There were six property damage collisions investigated and one collision with personal injuries.

Accidents

A collision occurred September 12 at 10:30 a.m. on Highway 121 east of Ingoldsby turn. Geraldine Luckman, age 51, of Painted Post Rd., Scarborough, was westbound followed by Wilfred Legerton, age 59, of Landfair Cr., Scarborough. The Luckman 1980 Dodge car received about $400 damage and the '81 Buick of Legerton received about $3500 damage when Luckman slowed for a dog crossing the road and was struck from behind from Legerton. Legerton was charged with following too closely.

A collision occurred on September 12 at 10:45 a.m. on Highway 35 on the Minden by-pass. Mabel Brannigan of RR #2, Minden, age 60, was southbound on Hwy 35 in the passing lane. Charles Sawyer, age 77, of Haliburton, was also southbound in the curb lane and turned left into the Brannigan vehicle. Brannigan's '80 Dodge car received about $1500 damage and Sawyer's vehicle, an '80 GMC pick-up, about $1000 damage. Sawyer was charged with an unsafe turn.

A collision occurred on September 15 at 1:35 a.m. on South Water St., Minden. A parked vehicle, an '80 Honda owned by Doug Ripley of Minden, was struck by a vehicle operated by Raymond McKenzie, age 37, of Oshawa. The Honda was pushed into a fire hydrant and the McKenzie vehicle left the collision scene, but was located late Sunday, September 16. The Honda's damage is about $8000 and the McKenzie vehicle sustained about $3000.

McKenzie was charged with failing to remain at a collision under the Criminal Code of Canada and with careless driving.

A collision occurred on September 16 at 4:30 p.m. on County Rd. #1 in Snowdon Township. Regina Stoss of Holgate Crt., Brampton, age 36, was westbound and lost control. The '83 Chev. car entered the north ditch, receiving about $4500 damage. The driver was taken to the Haliburton Hospital.

Morgan Reynolds, centre, who retired recently from the roads department of Anson, Hindon and Minden, received a barometer plaque from council last Thursday. Shown with him are, from left, Councillor Pat Burk, Councillor Dave Stevens, Councillor Gary Kenney, and Reeve Lyle McKnight.

Sherborne council

At an August 28 meeting of Sherborne, McClintock, Livingstone, Lawrence and Nightingale Township council, the following matters were considered:

First item on the agenda was the current status of the beach area at Troutspawn Lake. Ministry of Natural Resources correspondence to municipality as area of jurisdiction was noted, the municipality having jurisdiction on the beach area.

Ernest Fuller appeared at council to discuss the deeded twp. land dissecting his lands in Ridout Twp., this 66 foot strip of land having been to the Twp. of Sherborne in 1969 by his mother, Ether Fuller. Cottagers from Raven Lake have made a request of Council to open said 66 foot strip of land for road purposes. The clerk was instructed to receive comments from Cowan Insurance Company as to liability on twp. property being used by the public to create a cottage road unassumed by the Twp.

Fuller indicated that he had no objection to a road being built as long as those using same would respect his private property on both sides of said developed area.

Brian Barnes, also in attendance from Raven Lake cottage property, felt that this would not be a problem to enforce if a road was built by cottagers.

The Wren Lake cottage travelled road along part 30 on Plan RD 118 was once again tabled. The clerk was to ask for written comments from solicitor, Don Finn who dealt with this particular allowance in 1974 in order that council can establish whether there is a liability to the township in the acknowledgement of ownership with a provision that acknowledgement does not mean assumption by the township.

An application for the stopping up, closing and conveyance of a part of a road allowance in front of Part Lot 25, Concession 4, McClintock Twp. was reviewed by council.

Council recommended the closure, stopping up and sale of the 66 foot road allowance on Registered Plan No 389 and designated as road allowance on plan attached to Parent Instrument 371, and part of the original road allowance between lots 25 and 26, Concession IV, Township of McClintock.

Application has been by Carl Clarke on behalf of a group of people. The clerk was instructed to proceed with the necessary steps in the procedure for closure, pursuant to the Municipal Act, R.S.O. 1980 as amended and in accordance with the county and municipal policy, covering the closure, stopping up and sale of portions of road allowance.

Severance application by Rose Renton of lands located on Part Lot 10, Con. 3, Twp. of Livingstone to correct title was discussed by council. Council recommended consent.

Tenders having been invited to supply all municipal buildings with furnace oil and the delivery of diesel fuel; council reviewed all submissions and accepted the tender from Huntsville Fuels (Shell) effective Sept. 1, 1984 for a period of one year.

Council directed payment of general accounts in the amount of $1,879.64.

Correspondence was received from the Haliburton Highlands Chamber of Commerce requesting submission of names of people in the community who have contributed to the economic, civic or social welfare of the county. This was in respect to an award to be given to a particular person as "Highlander of the Year".

A draft lease agreement between the Corporation and Margaret Elaine Broadley was examined and discussed by council and council authorized the Reeve and Clerk to sign said lease agreement between the Corporation and Margaret Elaine Broadley to satisfy a condition as set out by the Committee of Adjustment in processing an application to grant a variance to Restricted Area (Zoning) By-Law No. 839.

The clerk circulated the final draft of minutes transcribed for the council meeting held on August 14, 1984.

Hydro ups rates

Ontario Hydro's board of directors has accepted the Ontario Energy Board's recommendation for an average 8.6 percent rate increase for 1985, Chairman Tom Campbell has announced.

Hydro had originally proposed a 9.1 percent increase in 1985 rates. The Energy Board, following a six-week public hearing this spring, recommended a reduction to 8.6 percent and endorsed Hydro's costing and pricing proposals.

The specific increases to Hydro's individual customers will vary depending on class rate increases and local use conditions. Detailed rate schedules are being prepared and customers will begin to receive this informatin in October.

Dysart et al council

A regular meeting of Dysart municipal council was held in the Council Chambers on Monday, September 10. The following matters were considered:

General accounts totalling $65,408.75, road accounts totalling $75,256.95, and social services totalling $11,746.02 were approved for payment.

A revised municipal policy regarding cash in lieu of 5% parkland was adopted effective August 13, 1984.

Council reviewed the application of John Robinson submitted on his behalf by Bishop and Rogers requesting a rezoning of the former Wallings Dairy Barn and property to an M-1 limited category and the application was refused.

H. Curry Bishop will be retained to survey the municipal road on registered plan 348 from lot 33, to 56 during the 1985 fiscal year, and the municipality will sustain half of the cost.

The Haliburton Guild of Fine Arts was granted permission to utilize municipal lands (Head Lake Park) for a hospitality tent during the Can-Crafts Council annual Conference being held at Haliburton September 21-23.

The Reeve and Clerk were authorized to sign a lease with Canadian National Railways covering that area formerly occupied by R.J. Bishop, Jr.

The Reeve and Clerk were authorized to sign the application for 18 positions under the Ontario Youth Opportunities Program in the amount of $97,344.00.

Application will be made to the Ministry of Transportation and Communications for a supplementary allocation of subsidy moneys for the year 1984 for the purchase of new equipment in the amount of $60,000.

The Clerk will arranged to order 5,000 Haliburton stickers. .

Due to recent problems created by placing fill upon lands interfering with drainage and or natural water-

Monmouth minutes

A regular meeting of Monmouth Township council was held September 10, and the following matters were considered:

The following bills and accounts were paid: general voucher of $53,862.69; roads voucher of $9,179.79; and welfare payroll of $1,965.44.

Council will petition for interim payment under the Public Transportation and Highway Improvement Act on expenditures made in the year 1984.

Council authorized the reeve and clerk to sign the right-of-way agreement between the municipality and Rare Earth Mining Company Limited.

Council accepted the tender of Brant Stamp to trade tendered road equipment plus a 1977 11' box for a 1983 two way Frink box installed subject to the approval on inspection of the two way box for the price of $8,000 otherwise council will accept the tender of Ron Mumford in the amount of $3,133.

Severance H132/84, re Eric Saunders, part lot 34, con. 12 was approved.

Severance application H 136/84, re 389888 Ontario Limited, Block A, Plan 543, was approved.

SSFC hosts Haliburton craft education meeting

Sir Sandford Fleming College's (SSFC's) School of Fine Arts in Haliburton is hosting a two-day crafts education meeting on September 20 and 21, 1984.

Entitled "Education 2000," the meeting will bring together craftspeople and educators to discuss strategies and objectives for the future of craft education.

Some of the topics to be discussed include the influence of high technology, an assessment of the qualifications and skills required of the future craftsperson and the types of educational programs required to produce future craftspeople.

Charles Pascal, SSFC president, says that "through this gathering of distinguished people from both arts and technology, we're exploring the potential of the College to contribute in a meaningful way to the future of the arts, craftspeople and the relationship between arts and technology."

Education 2000 is being held concurrently with the annual conference of the Canadian Crafts Council at the Wig-A-Mog Inn.

SSFC, one of the conference co-hosts, is organizing a workshop led by fashion designer Marilyn Brooks. It will examine the relationship between crafts, fashion and fashion accessories.

Also featured at the conference will be a special bicentennial crafts exhibition and a keynote address by Walter Pitman, executive director of the Ontario Arts Council.

This Week

First hunting show gets good response

Local hunters got a chance to think about the upcoming duck, deer and moose seasons as well as check out the latest equipment at a two day hunting show in Haliburton last week.

Sponsored by Kennedy Surplus, the show attracted close to 1000 people to the Dysart arena auditorium on Wednesday and Thursday night.

Pat Kennedy, who organized the show, described the turnout as "super". Between 500 and 600 people attended on Wednesday night, while an estimated 300 viewed the exhibits on Thursday.

Main purpose of the show, Kennedy said, was to let local hunters get a look at the wide variety of firearms, equipment and accessories available in Haliburton through major suppliers. Representatives of several manufacturers were on hand to discuss their products with hunters, and Ministry of Natural Resources conservation officer Barry Walker was present on both nights to provide information on new regulations governing black duck and moose hunting.

Kennedy said he had thought about staging a hunting show for some time, and decided to try it this year as an experiment. Manufacturers' representatives co operated, and were "more or less astonished" at the response. "They were really happy." About twice as many people attended as he had anticipated, Kennedy said.

The show's success means it may be expanded next year to include local lodges and other new features. As well, Kennedy said, he will give some thought to staging it on a weekend, when a greater number of cottagers would have an opportunity to attend.

An opportunity to check out the latest hunting gear drew close to 1000 people to the Dysart community centre last Wednesday and Thursday nights. Here some of those who attended on Thursday look over a display of rifles and shotguns. Organizer Pat Kennedy of Kennedy Surplus in Haliburton was pleased with the attendance, and says he hopes to expand the show next year.

Run set to go

Organizers of the Haliburton version of the fourth annual Terry Fox run are hoping for good weather this Sunday to boost participation in the event.

Runners, joggers, walkers and cyclists will cover a 10 kilometre course from the town dock on Head Lake to the Haliburton Highlands Golf Club on South Kashagawigamog Lake Road, and return.

Registration for the run begins at 2 p.m., with the official start at 3 p.m. but the course can be covered at any time on Sunday.

People planning to participate are urged to get pledge sheets from area schools and businesses, including the Echo office.

All proceeds from the run will go to the Canadian Cancer Society.

Votes recounted

An official count of the votes cast September 4 in the federal riding of Victoria/Haliburton has put Liberal candidate Bruce Glass ahead of NDP hopeful Patrick Daniel and reduced the percentage of voter turnout.

Results provided by the Lindsay returning office on the morning after the election put Daniel slightly ahead of Glass, although both men were well behind PC incumbent Bill Scott. But an official count later revealed that Glass had received 10,032 votes, while the NDP's Daniel got 8,682 votes.

Bill Scott received 30,229 votes, about 3000 fewer than the preliminary count indicated.

The errors occured because of election night confusion in which some polls reported twice to the Lindsay returning office.

Voter turnout in the riding was about 75 percent, with 49,816 of the 66,815 eligible voters in the riding casting ballots.

Earlier totals had indicated that 86 percent of voters in the riding excercised their franchise.

Finishing fourth in the official count was Green Party candidate George Kerr with 339 votes. Libertarian candidate Robert Durnin received 324 votes.

New office is under construction

from page 1

oak and birch veneer and plywood operations at Sault Ste. Marie, North Bay and Tweed; dimension lumber mills at the Soo, Alben (Sudbury), Parry Sound, Bracebridge, Kirkland Lake, Mattawa, Eganville and Harcourt; pallet plants at Tweed, Belleville and Bracebridge; and logging operations associated with these plants. Approximately 300 people are employed at the Harcourt operation.

The company sells its products internationally, as well as in the domestic market. Currently it has major contracts to supply pallets to breweries and liquor control boards in Ontario and Quebec, and produce ties for the double tracking of rail lines in Alberta and British Columbia.

Martin Lumber to use waste fuel boiler

G.W. Martin Lumber Limited is installing a waste fuel boiler system at its Harcourt plant to replace existing oil and electrical heating and drying equipment.

The new system will burn sawdust, bark and chips produced from on site milling operations to create steam, cutting fuel oil consumption by an estimated 700,000 gallons per year.

Capital cost of the project is approximately $1 million, a company spokesman said.

Helicopter locates drowning victim

from page

cate the missing woman.

The following day, September 11, the search was expanded to include an OPP helicopter, and the woman's body was found floating off shore.

On Wednesday, September 12, Gwendolynne Annis was found by her husband Donald Annis, in Kushog Lake. His attempts to revive her failed, and she was pronounced dead at Minden hospital.

The couple had been working on water lines when the drowning occurred.

Coroner in both cases is Dr. Anthony Holliday-Rhodes of Minden.

Bicroft municipal office opened

from page 1

reeve Ron Gambell, Stanhope reeve Harry Davis and deputy reeve Elgin Stouffer, Snowdon reeve Bob Vick, and Sherborne et al reeve Dalton MacDonald.

Others taking part were county librarian Stan MacDougall, Bicroft library supervisor Shirley Charbonneau, Bicroft clerk Sandra McColl, county clerk Wynn Lahay, Bicroft postmaster Pat Rae, United Church minister Clive Wilson, and municipal affairs and housing ministry representative Paul Spears, who also played the pipes to lead a parade to the new building.

Following the ceremony, guests were invited to tour the building, and refreshments were served at the nearby community centre.

Minden to review fire rates

Stanhope seeks increase, prompts look at charges

Anson, Hindon and Minden council has decided not to sign a new fire protection agreement with Stanhope Township until Minden firechief Deke Jackson and councillor Dave Stevens have time to review the rates Minden now charges other municipalities for fire services.

At present, Lutterworth pays an annual standby fee of $3000 and Snowdon $1000 for the services of Minden's fire department, as well as $150 for the first hour and $75 for each subsequent hour a fire is fought.

Stanhope is seeking a new agreement with Anson, Hindon and Minden for services that Stanhope provides in the Carnarvon area and the north end of Hindon Township. In a letter to council, Stanhope proposed new rates of $185 for the first hour and $90 for each subsequent hour, as well as a basis standby rate of $1000 a year. The old agreement, in force since 1978, established rates of $100 for the first hour and $75 for each subsequent hour.

Minden reeve Lyle McKnight felt Stanhope should be paid the same rates that Anson, Hindon and Minden charges to Lutterworth and Snowdon, but noted that agreements with those muncipalities had not been reviewed for some time.

Stanhope's proposal also called for the agreement to be terminated with 60 days notice from either municipality, a change from previous arrangements in which a specific cancellation period was not included.

Concern was expressed over what would happen to the $1000 standby fee if Minden decided to cancel its agreement before a full one year period had elapsed, but no conclusion was reached.

Following a brief discussion of the matter, council decided to review its own fee structure before deciding whether to accept or reject the Stanhope proposal.

Minden to back '85 dog sled races

Anson, Hindon and Minden council has agreed to help meet the initial costs of organizing dog sled races in the community next January.

At a meeting last Thursday, council said it would make $1500 available to Steve and Valerie Lougheed for preliminary advertising and promotion of the races.

Councillor Gary Kenney, who brought the proposal to the table on the Lougheeds' behalf, said the couple are experienced dog sled racers who compete regularly on an international circuit.

Currently only eight Ontario municipalities host dog sled races, although the sport has a large following in other parts of Canada and the northern United States.

Kenney said the races "would sit well" with the Minden area because of the terrain and the extensive snowmobile and cross country ski trail network nearby.

Plans call for a small scale event early next year on a weekend that will not conflict with other local activities or races on the international circuit. If the first effort is a success, the race would be expanded in subsequent years.

Kenney said the races would be held on a six to eight mile long circuit that might include some town streets as well as portions of snowmobile trails.

Following Kenney's presentation, council agreed in principle to provide $1500 to the organizers, with the condition that detailed plans be presented. As well, local business people and the BIA will be asked to get behind the concept.

Sightless waterskier critically injured in mishap

A blind Haliburton area cottager known for his accomplishments as a waterskier was critically injured three weeks ago while demonstrating the sport at the Clairville conservation area in southern Ontario.

Tony Birrell, whose parents own a cottage on Soyers Lake, suffered multiple skull fractures, broken ribs and other injuries when he collided with a ski ramp.

The accident occured when the boat operator drove between the ramp and the shoreline and Birrell cut outside the wake.

He was taken to St. Michael's hospital in Toronto where he remains in a coma, breathing with the aid of a respirator.

Iris Eakins dies

Iris May Eakins, wife of Victoria/Haliburton MPP John Eakins, died Monday in Toronto's Princess Margaret Hospital after a 10 year battle with cancer.

Surviving, in addition to her husband John, are daughters Jan of Oshawa and Karen of Whitby, and son Barry of Toronto.

Also surviving is one grandchild, Sarah Brown.

The late Iris Eakins will rest at the Mackey Funeral Home in Lindsay after 2 p.m. Wednesday. A memorial service will be held at Queen Street United Church on Thursday, September 20 at 2 p.m.

The family has asked that memorial donations, if desired, be made to the Canadian Cancer Society.

Act now

Anson, Hindon and Minden councillor Gary Kenney's concerns over the planned relocation of Minden's IGA store to a site on Highway 35 at the south entrance to the village may not be shared by everyone in the community, but his recently tabled report to council raises some important issues.

At the heart of the matter is council's obligation to address the municipality's future through sound planning policies. In the specific instance of the IGA's need to find a more suitable building site for a new store, there is, as Kenney acknowledged, little that council could have done legislatively. The land where the new store will be built is zoned for commercial activity, and since access to the site will not be off Highway 35 but a service road exiting onto Bobcaygeon Road beside Minden Shell, the provincial transportation ministry will not register any objections. Council may have been able to prevail on the store owners to look for other sites, but in the end the owners would have made the decision they felt was right for their business, which is precisely what they appear to have done. So there is no point, as Kenney said, in conducting a 'post mortem' on the IGA relocation. That does not mean that there aren't lessons to be learned, however.

The seeds of the present situation were sown long ago, when Highway 35 was built and Minden's main street was no longer used by through traffic. It should have been obvious then, as it is now, that Minden's main street would come under pressure from development along the by-pass. While the present council cannot be blamed for the errors of the past, it is clear that carefully thought out planning policies should have been put in place years ago so that the type of development permitted on the by-pass could have been controlled. No one intended the by-pass to become the centre of commercial activity in Minden, but it appears that that is precisely what is happening. The challenge facing the present council, and to which Kenney's report points, is to face the issue head on and see what can be done to get the community back on the right track.

Council must ensure that the official plan now being drafted comes to grips with the threat of a dying downtown and a thriving commercial strip along Highway 35. It must identify land that is suitable for new businesses near the present main street and take steps to make it available for retail businesses. And it must develop an industrial site that will give local service industries an opportunity to relocate and expand. The success of Dysart's industrial site is ample proof that money spent to acquire suitable land is a sound expenditure that pays substantial dividends to the community.

Minden's present dilemma is hardly unique. It is one that faces small towns everywhere in the country, and one that perhaps can never be fully resolved. But it will not disappear if it is ignored. It will only grow worse.

Take part

This Sunday, Canadians in hundreds of communities will don running shoes, walking shoes, or climb on their bicycles to take part in the fourth annual Terry Fox run. It is an event with two purposes. Firstly, and most importantly, it raises funds for the Canadian Cancer Society. And secondly, it honours one of the most inspiring and memorable people Canada has ever produced. Which ever purpose is closer to your heart, the Terry Fox run deserves your support.

Last year, fewer than 40 people bothered to cover the 10 kilometre distance in the Haliburton version of the run. This year, why not do your part by running, walking or riding the distance, or sponsoring someone who will.

Letters to the Editor

The name is Grass Lake, reader says

To the Editor:

What's in a name? Most people living around Grass Lake, West Guilford are very "touchy" about renaming our lake to 'Green'. Over 100 years ago, pioneers by the names of Cooper, Brice, Barry, Sims, Griffin, Sissons and Packard bought property surrounding this lake and all the deeds specified the land continued into Grass Lake.

The restaurant, recently built on this lake has had several names - The Green Canoe - Green Acres and presently Green Lake Resort.

For the sake of these pioneers who worked so hard clearing the land, picking stones, helping each other in most difficult times - and for those of us who were reared around Grass Lake, enjoying the beautiful sunsets, a dip in the clean fresh water, watching the early morning mist rise to a warm sunny day. Please, let's keep it Grass Lake.

Queen's Park Report

by JOHN EAKINS, M.P.P.
Industrial Wastes

In 1983, the Ministry of the Environment permitted seven public landfills in Ontario to legally accept liquid industrial wastes. These sites were in Barrie, Brantford, Guelph, Paris, Welland, Hamilton and the Tricil facility of Corunna.

It's interesting to note that in 1980, some 23 sites in Ontario were accepting wastes for landfilling.

During the past 20 years, millions of gallons of highly toxic wastes were illegally dumped in small landfill sites throughout Ontario. Many of these landfills have now been closed and capped with clean soil and seeded grass. Some are still open, but now only receive relatively harmless domestic wastes.

The fact is, however, that over 800 abandoned garbage dumps have been identified in Ontario, some of which contain liquid industrial wastes which are now migrating into groundwater drinking supplies.

Landfills which no longer receive liquid wastes, but which did so in the past and now pose serious health hazards to the adjoining communities are: Eric Pauze, Perkinsfield (four wells contaminated); Waste Management Inc. Stouffville (14 wells contaminated); and WMI, Aurora (eight wells contaminated).

Plumes of contaminated groundwater are migrating off each of these landfills and have contaminated the drinking water of a number of homes in the vicinity.

In addition to the municipal landfills, there are more than fifty private and industrial disposal sites which received liquid industrial wastes. These include Dow Chemical and Polysar in Sarnia; Robson Lang Tannery, Oshawa; DHI Ltd., Streetsville, Canada Printing Ink, Burlington; and Beardmore Tannery, Acton.

Tricil Ltd. operates Ontario's largest chemical waste incinerator and the province's only publicly accessible secure landfill - that is a landfill located in deep clay soil which inhibits liquid wastes from leaching down into the groundwater. This landfill receives over half of the liquid industrial wastes disposed in landfills. Tricil's incinerator burned over 12 million gallons of liquid industrial wastes last year. In total, Tricil received 15 million gallons of wastes in 1983, representing 21 percent of the total hauled liquid industrial wastes generated that year.

In addition to the wastes which are sent to the

Co-operation at various levels in our society today is something that seems to be sadly lacking. We don't have to look too far afield to find that we are sadly lacking in this very important aspect of our lives; we find that its very evident right here in Haliburton County. Every day of the week we can look around and find that progress in our various communities is being held up through this constant bickering which is holding us back and stopping us from accomplishing the things that should be done. Co-operation is a word that we hear quite often, and it's thrown around like a rubber ball, but we don't seem to be putting it into practice. We can see the lack of this word in local sports, municipal affairs, in our churches, various organizations, in business and we could go on and on. A few groups are trying to co-operate with each other such as the local service clubs, but we need more of this from other groups and organizations. It's all fine and dandy for most of us to have our disagreements from time to time, this seems to be the normal thing that happens, but when it's all over and done with, we must sit down and talk our differences over in a constructive manner and then and only then can we hope to accomplish the goals that we are seeking to attain through co-operation. Please give this some thought this week and let's see if we can't come up with a better solution in this area.

This past week on television has been like a breath of fresh air for the TV viewers. It has given us the opportunity to see others things than violence and sex movies which one has to wonder have ever been censored. Yes, for the past week and a half we have had the opportunity to view Pope John Paul II historical visit to Canada. It has really been something to see and the tour has been a great success. There are parts of his message that will touch the hearts of each and everyone of us, and in the end the tour can't do anything but good. Then we had the chance to watch Canada Cup 84 with all its thrills and spills and excitement as Team Canada after a very slow start picked up the momentum and they beat the USSR boys when it really counted. But one has to wonder about the CBC who can't even bring us a mid-week NHL game because they are too pre-occupied with these crazy sex, soap opera and violent type shows. What has happened to all the good clean family type comedy shows? And what about putting on some good middle of the road musical programs for a change? Just give us something to brighten our day; we certainly don't need any more depressing shows to occupy our time.

And what do you know, the hockey season is upon us once again. The regular Junior C hockey schedule opens on October 5 with four teams in the Northern division, Haliburton, Huntsville, Gravenhurst and Parry Sound. The Haliburton NorthernWays Huskies are in search of a trainer and if you know of a person who would like to spend the winter travelling with the team please get in touch with Scott LaRue.

Still on the subject of the Huskies we understand that Mary Lou Bishop will be making the rounds in an effort to sell season pass tickets to all Haliburton Huskies regular season home games. The entire package is worth only $30. When the tickets are all sold they will be placed in a drum for a draw and the winner will have the opportunity of a one week trip for two to Emerald Beach, Bahamas. The trip is to be taken in January 1985. The draw will be held on December 22, 1984. Travel arrangements is be Marlin-Gell Travel and Carousel Tours. If you want to subscribe to a season ticket pass please phone Mary Lou Bishop at 754-3238.

We have spoken on several occasions on the subject of community involvement. The community is where most of our day to day living is done and I think that we all have to agree that it is important to be involved in various aspects of community affairs. Many people get a great deal of satisfaction from being involved in local projects. One gets a great feeling of pride when he or she walks by something they have helped to establish. The community is always in need of workers, whether they are involved in group projects or as individuals going out to help better the lifestyle in the area. The community is only as good as you make it.

At a recent meeting of the Rotary Club of Haliburton the programme chairman for that evening Ray Arppe introduced Bill Parsons of Imperial Oil, the operations co-ordinator of such things as the local depot. He gave the members an insight into the problems associated with gas wars. A market decline occasioned by more efficient cars has left the industry with over production facilities and consequently Imperial Oils profits are declining.

It shouldn't be too much longer before we will notice several colour tour buses in Haliburton during the next few weeks as visitors will be coming in from other centres to view the scenery and to see the countryside in all its beauty. We need some good cold nights with frost to really bring out the colours. The month of September can be a wonderful month so why not plan now to bring along the entire family and pay the Highlands of Haliburton a visit.

Question

by CATHERINE DENHOLM

Are You Afraid of the Future?

In a book which describes the high technology of the future, "Megatrends", the author suggests that "high tech" will bring about "high touch". Insecurity in the face of the new technology draws us close together, in touch with others in our community. We will need our friends and familiar places to compensate for our lack of knowledge of the future.

Also, with instant information, the troubles of the whole world are seen in the living room. The English miners confronting the police. The total destruction of Lebanon. The missile bases in Europe. We cannot keep up with it all.

We watch car production where robots turn and bend around the spot weld more precisely than people ever could. We see people in space orbiting this world and we wonder what the next decade will bring.

We see the lines of young people without jobs and without hope. We are told of this country's enormous debt while we listen to politicians who have no answers. It is natural to meet such tremendous change and problems with a feeling of impotence: "There is nothing I can do about it".

Maybe, as "Megatrends" suggests, people will avoid frustration by giving more time and thought to the Municipality. After all, this country is made up of small communities; if things improve in each district then the whole country is improving.

In the pioneer days of Canada the strong community spirit came from a need to survive a harsh and hard-to-understand environment. No one said "There is nothing I can do about it". Maybe we have gone ahead to a similar situation.

A Most Beautiful Vine

In Autumn, never pick the most beautiful vine in the woods because it's poison ivy.

Those who expect poison ivy to have an ominous appearance must be the most frequent victims of poison ivy. For rhus toxicodendron at all seasons is among the more beautiful plants. At this season, the glistening green leaves of summer turn to flaming scarlet. Flower arrangers seeking wild native material sometimes do not realize the nature of their finest creation until a day later.

Poison ivy is among those plants whose wants are few. It can flourish on the thinest soil. And grow in wetlands or uplands. It can climb a corn stalk, tangle a thicket, wind up a tree trunk -- or grow upright without support in an open pasture.

There are many simple descriptions for the identification of poison ivy leaves, but none is very dependable. The leaves are too variable and the growth forms, since they range from vines to small shrubs, are too unpredictable for easy cataloguing.

The best advice is summed up in an old country rhyme: "leaves three; leave it be."

Ordinarily, if not always, the poison leaf comes in three parts -- or, three leaves as we commonly describe it.

Personal reactions to poison ivy seem even more variable than the plant's form. Some perons seem impervious to it. Other persons are so sensitive that they break out in blisters after touching a door handle that has brushed against a poison ivy leaf when a car was driven down a country lane.

Poison ivy remains poisonous even after its leaves are gone, for the poison resides in the sap and is present in the woody sections of the vine. A few mysterious ivy poisoning cases in winter have been traced to the burning of a vine wrapped log in a fireplace.

From the Chamber

From September 19 to 23, the Canadian craftsmen and administrators will meet at Wig-A-Mog Inn in Haliburton. Plan to be there. The conference will celebrate the 10th anniversary of the Canadian Crafts Council and Ontario's Bicentennial. Members of the country's crafts community will gather for a working holiday at the Wig-A-Mog Inn.

Sir Sandford Fleming College has organized an exciting workshop conducted by Canadian Fashion designer Marilyn Brooks, entitled collage. This workshop will link the 'high touch' of crafts to fashion from one of a kind to production of accessories, packaging and selling yourself and your products.

It will be an opportunity to experiment and train your hand and eye to a new approach. The workshop will run from September 19 to 21. Participants are invited to attend a wine and cheese party Wednesday evening at the Gallery, and the opening of the Jean Chalmers show at the gallery on Friday evening.

Your Chamber of Commerce now has a special membership for artists and craftspersons - $30 yearly membership fee entitles you to a full membership in the Chamber of Commerce.

This is our way of encouraging our many talented artists who live and work in Haliburton County. Our marketing plan for the new year which starts in October includes a proposal to promote art and craft tours of the county. As soon as the plan is accepted and passed by our marketing committee further particulars will appear in this column.

The Agnes Jamieson Gallery

An exhibition of recent painting by Fred Seedhouse will take place at the Agnes Jamieson Gallery on Thursday September 27 from 7:30 - 10:00 p.m. The exhibition continues until October 27.

Board of Directors Meeting

A meeting of the Board of Directors of the Chamber will take place on September 26, 10:00 a.m. in the downstairs board room of the County Building. This is the last meeting before the annual meeting. Would all board members plan to attend.

Annual Meeting

Dr. David Blenkhorn will speak again this year at our annual meeting. You may remember the interesting presentation given by Dr. Blenkhorn at last year's annual meeting. Dr. Blenkhorn is an associate professor of Business at Wilfrid Laurier University. He spent time in Japan in 1983 examining Japanese Management techniques, and is currently researching, consulting and writing in many aspects of this broad topic. His latest publication on Japanese Management, "The Japanese are coming with just in time", co-authored with J. Alen Murray, appeared in the July/August 1984 issue of "Cost and Management".

Queen's Park

landfills, incinerators and water treatment plants, thirteen million gallons were reclaimed and reused by industry. Eight million gallons were sent to waste transfer stations for resale to other users, and 7.6 million gallons were shipped out of the province, primarily to the United States and Quebec.

More on this topic next week, including Ontario Liberal Party policy recommendations for dealing with this serious problem of the disposal of liquid industrial wastes.

Dysart council minutes

from page 2

courses, council requested the Ministry of Natural Resources to keep this matter in consideration of approvals for lakeshore and other improvements by applying for permissions on such on-site inspections by staff. Council requested such approvals to provide adequate cautions in the overall requirements of the permissions granted.

Council concurred with the recommendations of the Ministry of Natural Resources on their inspection and refusal to allow dredging 800' x 250' being in front of Part of Lots 2 & 3, Concession 8, Dudley, Drag Lake.

Council concurred with the request of Keith Robertson, Pt. Lot 2, Con. 6, Dysart for filling with beach sand in front of his property, Kashagawigamog Lake (10 x 40 x 8")

Arthur Ward, Pt. Lot 2, Con. 6, Dysart, for filling with beach sand, in front of his property (200 x 12 x 8"); provided the said work is carried out in accordance with the conditions of the Ministry of Natural Resources and any water course is protected with proper drainage.

The Clerk will advise Clarkson Gordon Limited that since Provincial funding is obviously not going to be made available to Dysart regarding the acquisition of computers and software that their quotation will be held in obeyance until the 1985 budget.

The Reeve and Clerk were authorized to sign as sponsors the UIC Section 38 Program Application for nine people to cut cross-country ski and snowmobile trails in the amount of $82,582.00, the program to start at the earliest possible date.

The Reeve and Clerk were authorized to sign as sponsors, the UI Section 38 program application for four people to cut and improve lake access points and feed deer if necessary during the 1984-85 winter season in the amount of $26,800.

The Reeve and Clerk were authorized to sign as sponsors the application for 15 people under the UI section 38 program to provide marking services within the area in the amount of $68,352.79.

The following roads will be included for 1984-85 winter maintenance and the road superintendent will make whatever arrangements he deems necessary with the County or adjoining Townships in order to insure winter maintenance for the 1984-85: Bowens Drive, R.P. 575, Harburn; T Bar Court, Guilford; Wenona Road East Telephone Booth, Blk. E to Municipal Landing Blk. C - R.P. 482, Dudley.

Council do not agree with the minor variances of Carl Godfrey, Plan 510, Lot 76, Harcourt; Ruth Buck, Plan 374, Lot 2, Havelock; and Mark Holland Concession 7, Lot 5, Dysart and the applications were hereby recommended to the Committee for refusal.

The resignation of Derrell B. Stamp effective October 12, 1984, was accepted with regret.

Planco Consultants Limited will be retained as of October 12, 1984, for services normally performed by a consulting firm as per letter of August 27, 1984.

The application of Donald McKee for acquisition of part of Peninsula Drive was refused and the building inspector was instructed to place a stop work order on the partially completed building (no permit) on what is assumed to be municipal lands.

The By-Law Enforcement Officer's hours will be 9:00 a.m. to 5:00 p.m.

Monmouth minutes

from page 2

dall McCrea, part lot 16, con. 13 was approved.

Severance application H 101/84 was approved subject to the northerly retained parcel being adjoined to the existing holding of Laverne & Betty Lewis and the severed parcel and the southerly retained parcel being rezoned seasonal residential.

Severance application H 102/84 was approved subject to the severed lands being rezoned to seasonal residential.

Council will install two finger board signs named Wilbermere Road for Don LeRoy.

Council accepted the quotation of Telecopy Systems as per an August 14, letter.

Redmen lose season opener

The Redmen football teams got off to a shaky start in the high school gridiron season last Friday, but the teams will be looking for better results later this week, when they travel to Fenelon Falls.

The Seniors found themselves in a defensive struggle against I.E. Weldon in the season opener, with a single safety touch eventually making the difference.

Both teams moved the ball in the first half, but offensive drives were cut short before any points could be scored.

The Lindsay team had the wind advantage in the third quarter, and they put it to work. Facing a second down and long yardage situation, Weldon's quarterback called a quick kick and the ball sailed into the Haliburton end zone, resulting in a single point.

Early in the fourth quarter, Weldon came close to capitalizing on a Redmen miscue. With the ball on Haliburton's 40 yard line and a punt called on a third down, the snap sailed over the Redmen kicker's head, and was recovered by a Weldon player on the 20 yard line.

The Redmen were forced to dig in for a goal line stand and managed to stop the Weldon squad from racking up any further points.

The Redmen got a good defensive effort from Mike Blake, Mike MacNaull, Rob MacLeod, Terry Hobden and Paul Allore.

Offensively, the Redmen worked well together but simply were unable to generate any points.

The Junior team also suffered a loss at the hands of their Lindsay opponents.

Weldon got on the board in the first quarter with a 15 yard field goal. They got two

Please turn to Page 7

Season gets underway, senior soccer team win

Haliburton Highlands Secondary School's senior soccer team got their season off to a winning start last Wednesay, outscoring I.E. Weldon 5-1.

Playing on their home field, Haliburton took a 2-0 lead early in the match with goals by Chris Laporte and Falk Fluegel. Weldon came back with a goal before the half ended, but it was all the offense the visitors managed to generate. In the second half, Haliburton dominated play with goals by Kevin Barry, Dennis McKee and Chris Laporte.

Jeff Howe was outstanding at the centre forward position setting up three of Haliburton's five goals.

The Junior team met a strong and experienced Weldon team and went down to defeat 4-1. Francis Peletier scored Haliburton's only goal.

The teams will see action again this Wednesday at HHSS against the Lindsay squads. HHSS will play another home game on September 26 against Fenelon Falls.

Dixie Lee ends season

by JIM MILNE

Dixie Lee lost their last game of the regular season to a superior team, the first place team in the Muskoka District Soccer Association. Orillia Inter, playing at home, opened the scoring when the Dixie Lee goalie was unable to hold on to a shot. An Orillia striker tapped the ball into the net. Dixie Lee, however, tied the score on a goal by Scooter Burgess about 5 minutes later.

As time went by in the first half the younger, faster Orillia forwards adjusted to the style of plan of the Haliburton backs. Because of their speed and ball control, they were able to shoot through the spaces the backs had to give them. Two accurate shots gave Orillia a 3-1 lead and perhaps the key to their domination of the second half. With the added advantage of a strong wind they piled up an 8-1 win.

The local soccer team felt quite bruised, but six Haliburton High-school players gained valuable experience against skilful opponents. Further, the season was a success. Dixie Lee are seventh in the nine team league with four wins, three ties and nine losses. For a total of 11 points. There will be at least one play off game against an unknown opponent in about two weeks time.

Next weekend Dixie Lee will organize a three team round robin tournament with the High School Seniors and the West Rouge Blues from the Toronto area. The High School will play Saturday, September 22 at 4:00 p.m. in Haliburton against the Blues and Dixie Lee will play the Blues at 12:00, Sunday, September 23. Ariel Bellosillo of West Guilford will referee. Players will contribute to the Terry Fox Cancer Fund.

There will be no practice on Thursday.

TEAM RECORDS

Mike Hatkoski, 4 goals; Tim Davies, 3 goals, Ivor Thompson, 3 goals; Shaun Chapman, 2 goals; Terry Crowe, 2 goals; Paul Milne, 2 goals; Dawyne Warburton, 2 goals; Scooter Burgess, 1 goals; Falk Flugel, 1 goal; Brian Holden, 1 goal; Pat Mastrangelo, 1 goal; Team goals, 2. Total 24 goals.

Goalies: Andrew Shapiera - 35 goals against in 14 games; Jim Milne, eight goals against in two games. Total of 43 goals against in 16 games.

A wide variety of hunting equipment was on display for two evenings last week at the Dysart et al community centre, and the show attracted a good deal of interest among local enthusiasts. The success of the show means it will probably be repeated next year in an expanded form.

Frost Centre hosts moose day

The Ontario Federation of Anglers and Hunters, the Algonquin Region of the Ministry of Natural Resources and the Leslie M. Frost Natural Resource Centre will host a field day to help familiarize local hunters with the moose selective harvest system in effect in Southern Ontario for the first time this fall. Proper sex and age identification of moose will be a key to hunting success and to compliance with the new selective harvest system, MNR officials say.

Participants can sharpen their moose identification skills using slides, movies and life-size silhouettes.

The open house is free and begins at 10 a.m. Sunday, September 30 and continues until 6 p.m.

Hunters are encouraged to bring their hunting rifles, or bows, and ammunition and to practise their marksmenship at the running moose target range.

Bus service will be provided from the Frost Centre on Highway 35, 14 kilometres south of Dorset, to the range nearby.

A hunter safety training trail also will be set up. The trail simulates hunting situations and is designed to teach and review wildlife identification and firearms safety.

Trent Severn News

The Haliburton Lakes declined to reach an average of 62.9% by September 10, which was 7% above the average for the years 1970-79. This was 17% higher than on the same date in 1983.

The early drawdown of three lakes with shallow lake trout spawning is underway to get these lakes (Kushog, Big Bog, Little Bob) down before the egg deposition begins, often by the first week of October. One stoplog is reinserted in each dam at the time of spawning to cause these lakes to stay at least as high as during egg deposition.

One other lake level drawdown has been altered this autumn for reconstruction of the concrete dam. Percy Lake has been held higher than the average of the others for a few weeks to enable construction materials to be barged to it by water since there is no road access. Now that most materials are in place, the lake will be lowered quite rapidly to facilitate the concrete chipping and pouring operations before the weather gets too cold.

The rest of the lakes' drawdown will follow a decline rate faster than the normal until interrupted by wet weather or the normal levels are reached.

Kawartha Lakes levels too have been run down some in spite of wet weather, in case even more rain is in the offing. This will hopefully prevent excessive flows from disrupting navigation and make it possible to avoid disruption of the Dam #12 replacement construction occurring on the Trent River near Campbellford.

Lake Simcoe-Couchiching has not responded dramatically to the wet weather, but is still running about 3 or 4 cm above the rule curve level for the time of year. Larger than average flows are being run on the Severn River, however.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Northern Lights

by VIRGINIA MUENZEL

As I write this, I am almost packed to go on our annual sojourn to Algonquin Park. Unfortunately, as you read this, we will already be back home.

It's sure going to be nice to be waited on three meals a day. And what meals they are. Everything homemade fresh on the premises. The menu is so delightful, one has trouble refusing anything. Then we are compelled to spend the time between meals hiking or canoeing to work off all the calories and get ready for the next gourmet meal.

But we love the Algonquin trails. Whether we're high on a cliff overlooking miles and miles of coloured splendor, or taking the boardwalk through a bog. The deep, woodsy smells of cedar and moss let you imagine yourself back in pioneer days, of wilderness and adventure. When the virgin forests were full of trees so huge, two men couldn't get their arms around them. There are still a few rotting stumps visible of those great trees. It's kind of a shame that we'll never see the likes of them again.

Anyway, we're taking bets as to whether I'll see on of those mythical moose this year. Do you know, my husband says he saw a big bull moose just up the road by the hydro lines the other night. I could camp under those self-same hydro lines for a week and see nothing more exciting than a skunk. Therefore, I don't expect to see one in the park either. I'll let you know how it goes.

We're bringing lots of games along to ward off the rain. But if it doesn't work, and the weather really stinks, we'll either have a trivial pursuit tournament, or maybe backgammon. In any case, it will be nice to be totally relaxed for three days after the busy summer we've put in.

Of course, we have to stop at Robinson's general store on our way up. We're also going to stop in Dwight to visit Palmer House. We spent hours there last year. They have the greatest collection of antiques and assorted doo-dads I have ever seen under one roof. In fact I found my very first purple insulator there. And I am anticipating another unusual find. What I'm looking for is an egg grader.

Oh, oh, I've got to close this up. Edgar is champing at the bit. He likes to sit out in the car revving up the motor while I'm still getting dressed.

The sun is shining. It looks to be another glorious fall day. Judy is feeding the chickens, the cats and the dog. And we're putting everything out of our minds for three blessed, peaceful days. Killarney Lodge, here we come!

Senior League

By BERT HARRISON

Well readers, it's been another busy week around this place. I will try to tell you if they let me have some space. This item was missed last week, we would just like to say: Doris Robertson took off to visit her son Ian on this last day of August at North Bay.

Quite a few relatives come in here all the time. My brother-in-law, Morris Windsor, came Saturday and dined with me. Our son Roger and wife came too for a few minutes when they were passing through. Mrs. Stutt's daughter, Ruth, came and took her mother for a ride, up to Carnarvon and around the country side.

In the chapel service Sunday night, bless their hearts, we had the Thompsons back to take their parts. In the book of John, Chapter 9, Rev. Burgess took this interesting message, "Jesus opening the eyes of the man who was born blind."

Most of our office staff, as well as Mark Schell, have gone to a Senior Citizens' Convention in Toronto. Where it's being held we really don't know. We have someone back with us that we are really glad to see, after surgery, once again is Helen Lee.

Ada Shorter's children came, as quiet as a mouse, and took their mother over for lunch in their town house.

Robert MacBrien, of Minden Gospel Church, conducted a very impressive service on this 11th of September day. We thank you for coming. Mary Rose came the music to play.

Mrs. Eastman had a birthday, the count is 95. Although she is blind, she is a gracious lady and very much alive.

We were pleased to have Gala Heal and her sister Evelyn come to call. Gala and her husband are going south for the winter some time in early fall.

Lilly Hogg had relatives too, come to call. Congratulations to William Moore, we would like to say, who had a birthday this September 11th day. September is a great month for birthdays. Congratulations again to Frank Billings on his 90th birthday.

Wednesday night our musicians came, Cathy from the Frost Centre, Earl Cooper and wife from Green Lake. They entertained us royally and sure have what it takes.

A note from Heather Bowron from Colorado Springs, says she is doing fine. She tells me how to keep the nurses all in line.

Thursday afternoon, the ladies of the auxiliary of the Kinmount Legion came over to Hyland Crest. They brought along a lovely lunch and were our special guests. Different groups come in each week and serve delicious food. Not that we don't get enough to eat, but a change is really good.

Our staff members have returned from the Senior Citizens' convention. They learned two or three things that we would like to mention. They told them something that we really didn't miss. They say that they should love the residents more, so we have been getting kissed.

The bingo games are starting again here at Hyland Crest. Thursday night Steven and Greg Crowe came to call the numbers and put on a real good show. Lilly Hogg says "Three Cheers". She won a bingo, the first in many years.

After a month's rest Grace Coburn has come back this September 14 day, to lead us in a sing along. Fred Ballard came the music to play. It's so good to have them back again, to have this pleasant hour together. This is something we can do no matter what kind of weather.

Our entertainers came Friday night. Payne, Deacon and Burch always come when they say - never leave us in the lurch. They sing and play fine music. Don is really sharp, playing his harmonica and jewsharp.

An epicure dining at Crewe
Found a very large mouse in his stew,
Said to the waiter, "Don't shout
And wave it about,
Or the rest will be wanting one too."

CHACE Place News

by CAROLINE BISHOP

September is a time for back-to-school, for new beginnings. Perhaps there are some people who are not familiar with CHACE; this might be a good time to explain who and what we are.

CHACE is many things to many people - for children it can be a place to experiment with new toys, books, and materials, meet friends, enjoy special events, etc. For parents it can be an opportunity to play with their children away from the pressures of housework and home projects, experience new craft ideas, explore the many books and periodicals available, and meet friends. For others it is an equipment rental service for a visiting baby or other temporary need. Probably there are as many reasons for visiting CHACE as there are visitors - and anyone is welcome to visit CHACE anytime. This still comes as a surprise to some people, that as a place to play, read, talk, meet, do crafts, have your lunch, CHACE is absolutely free of charge to the user.

We do offer memberships for those who wish to support CHACE financially. Memberships are $12 per family for the fiscal year, April 1 to March 31, although this amount is adjustable for new memberships taken out at other times of the year. Members are entitled to sign out books and toys from our library, and to receive our quarterly newsletter (which is now available at CHACE - members please pick up your copy).

Board meetings are generally held on the second Thursday of each month at CHACE and any user may attend and take part in the discussions. Registered users - those who visit CHACE regularly over at least six

Please turn to Page 12

Bowling Report

With the first week of bowling completed in the Wednesday afternoon Flowers League, two teams are tied with seven points each. They are the Daisies and the Roses. Next is the Petunias with five points and Asters with two points. Forget-me-nots and Marigolds have 0 points but will soon pick up. Top averages are Freida Handy with 217 and Harry Henderson with 196. High single flat - Harry Henderson, 249; high triple flat - Harry Henderson, 587; high single flat - Freida Handy, 281; high triple flat - Freida Handy, 654.

Gallery essay contest gets good response

Replies to the Rails' End Gallery Contest "The Value of Arts in Haliburton County" were of a high calibre and "rewarding to receive", according to Gallery curator Chris Lynd. She noted that while it was difficult to choose a winner, the judges selected a letter from Shirley Hodgson to win the prize of tuition to a collage workshop this week.

Three other submissions were found worthy of honourable mention - Christine Postlethwaite, Lorna Hicks and Maxine Curry.

The Gallery curator expressed thanks to all those who wrote for their participation and support.

Following is an excerpt from the winning letter: "Reach out and touch someone today, through some form of art. Take time to do the things which are meaningful, and will last not only for your life-time, but for others.

Try your artistic skills so that you will leave some treasures for your children and grandchildren, a beautiful painting, a quilt, a woven blanket or a song to remember".

Redmen lose to Weldon

from page 6

more points in the second quarter when the Redmen fumbled on an attempted punt from the end zone and were unable to get out before a tackle ruled the play dead.

Late in the second quarter the Junior Redmen got their best opportunity to score, when Tom MacLeod hit Ian Cooper with a 35 yard pass that put the ball on Weldon's 15 yard line. But Haliburton fumbled and the ball reverted to the Lindsay team.

In the final minute of play Weldon scored on a 30 yard pass and run play, then converted to take a 13-0 win.

Mistakes made the difference in the game, as Haliburton gave up the ball five times on fumbles.

Defensively, the Junior Redmen were aided by the efforts of Kevin Barnhart, Ian Cooper, Brad Archer and Kevin Kreller.

First home game for the Redmen teams is September 28.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Gooderham News

by MARY HADLEY

Grace and Allan Gill have moved to Gooderham and are living in the former home of Velma and Albert MacDuff. We welcome them back to Gooderham.

Sympathy is extended to Rosaline Madill in the loss of her youngest sister who died in Peterborough a week ago.

Recent visitors with Pearl and Albert Cary included family members: Bonnie and Dave Woolley of Oshawa; Ross and Susanne Cary of Magnetawan; Barb and Doug Higgins of Mississauga; their granddaughter, Kathy, of Cardiff, with her two children, and Madeline and Bob Woods of Kingston, accompanied by Bob's mother who will shortly return to her home in Ireland.

The fifth annual meeting of the Glamorgan Senior Citizens' Club was held last Wednesday at the Community Centre.

As a change, hot dogs and pie were served to a group of about 40 by Peggy Dermott, lunch convenor for September, and her assistants.

Annual reports were given Evelyn Vanderland reported that over $400 had been raised by the sale of knitted articles and other bazaar items. She also told that she and Fred had picked up the Bicentennial quilt from Milton which was on display at the meeting.

After thanking the executive and members for their support throughout the year, Ivan Hunter vacated the the president's chair, so that Gordon Barr might conduct the election of officers for the ensuing year. The nominating committee had supplied Gordon with a slate of proposed names and nominations from the floor were called for. As a result the following executive was unanimously chosen. president: Ivan Hunter; 1st vice president: Fred Vanderland; 2nd vice president: Dorothy Robertson; secretary: Marjorie Madill; treasurer: Mary Hadley; directors: Ken Bell, Violet Billings, Brian Dermott, Peggy Dermott, Ileen Hunter and Walter Madill.

Len Smith, assisted by Vic Black, led in a sing-song, after which darts, bowling and card games were enjoyed.

It is very special to be able to celebrate 60 years of marriage. Such a happy occasion was enjoyed by Tommy and Vivian Dovell last Saturday at the Community Centre when about 300 relatives and friends gathered to offer congratulations and best wishes.

A buffet family dinner was held in the afternoon and open house in the evening.

The Centre was tastefully decorated with autumn flowers, georgeous dahlias, roses and gladioli.

A beautiful three-tiered wedding cake centre the head table.

Rev. Roger Sauve acted as M.C. Dale Dovell introduced the head table guests and paid a touching tribute to his parents and their influence on his life. Theo. Peacock, Gooderham's "Poet Laureati" read a poem he had composed especially for this occasion. Gordon Barr spoke briefly and displayed pictures of the bride and groom taken in earlier years. Rev. Sauve spoke on "Marriage" with humour as well as in serious vein.

Among the many gifts received were greetings and two silver 1984 dollars from our recently re-elected MP Bill Scott and plaques from Premier Davis and MPP John Eakins.

Relatives from out-of-town came from such places as B.C., Alberta, Sask., Kakabeka Falls, Thunder Bay, Belleville, Ottawa, Vineland, Toronto, Oshawa, Marmora, Port Perry, Prince Albert, Little Britain and Cameron.

We all extend congratulations and best wishes for continued health and happiness.

Bicroft area Scouts, Cubs, Brownies and Guides led a procession of municipal officials and other invited guests to the official opening ceremonies of a municipal office and library at Carfiff townsite on Saturday afternoon. Many residents of the community were on hand to share in the occasion.

Minden News

By MAIZIE AUSTEN

Fred Freehouse's watercolours will be on display at the Agnes Jamieson Gallery. Mr. Seedhouse resides in Norland and many of his scenes are from the Haliburton Highlands. The opening will be at 8 p.m. September 27 and the show continues until October 27.

Don't forget the kayak competitors will be at the Wild Water Preserve Sunday, September 23. This is the last slalom of the year for Minden. This is a thrill for the whole family to get out to see.

Thought for the day...if you shoot arrows of envy at others you wound yourself.

Hint on grass stain...if the fabric is washable, rub liquid detergent containing a few drops of vinegar into the spot and let it soak for about half an hour. Work and rinse in cold water or you can rub the stain with liquid ammonia.

Here's a pickle recipe I hope you can use. Cold Water Dills: 36 medium sized cucumbers, 2½ quarts water, 1 quart white vinegar, 1 cup pickling salt, dill, garlic and alum. Combine water, vinegar and salt. Stir and let stand for 5 minutes. Do not heat liquid. Place cucumbers in sterilized jars. Place one medium sized dill including seed head, one small garlic bud and ½ teaspoon of alum on top of cucumbers in each jar and pour liquid over cucumbers. Seal and place in a cool place.

After that hail storm we had last Sunday, it makes you think that winter is just around the corner.

Sincere sympathy to the family and friends of Kim Barry.

The Minden Women's Institute will be holding their regular general meeting Wednesday, September 19 at 7:30 p.m. at the exhibit building at the Minden Fair grounds. Everyone is welcom come.

If you have any news for me to include in my column please call 286-3607. Thank you.

We all wish you a speedy recovery, Flo Robinson and hope you're feeling better soon.

Don't forget the movies for the children at the Library/ Cultural Centre on Friday evenings from 7:15 to 8:15.

The Minden Nursery Playschool are having their registration Thursday, September 20 at 7:30 p.m. at St. Paul's Anglican Church. Children from three to five years can enroll.

David's brother Tom Archer of Stratford spent the weekend with us.

The colds, viruses and sore throats are making their rounds. I hope you are all feeling better soon.

Velda Harrison, Laureen Woodcock and Fred took a motor trip through the north a couple of weeks ago. They dropped in to visit relatives on their travels. They went through Pembroke, Deep River, North Bay, Kirkland Lake, Iroquois Falls, Timmins, Sudbury and Parry Sound. They really enjoyed the scenery on their travels.

Pat, Robie and David Ackerblade motored to Midland, Wasaga Beach and went to a show in Barrie Sunday evening. They spent the night in Barrie, and stopped off in Orillia on Monday before coming home. The boys thoroughly enjoyed the trip.

That's all for this week. Drive carefully and watch for the younger generation and the school buses. I hope to see you all next week.

Norland Natter

by KELLY GRAHAM

Sara Eckschmidt of Vancouver, British Columbia, recently spent a few days with Beverly Graham and her family, of Norland. Sarah is a girlhood friend of Beverly's they had not seen each other for over 25 years.

Although Frances Gunn of Norland celebrated her 80th birthday over a month ago, it was just last Saturday, September 15 that her children, grandchildren and great-grandchildren from all over the country all came to help her celebrate the grand event.

As most of you know there is a new veterinary service in our area. An animal clinic has opened about one mile north of Norland. As of yet I don't have its hours, but I will print them when they're available. This should be a most convenient service for local citizens.

The Victoria County Board of Education has finally voted in favour of the late busing service at Fenelon Falls Secondary School and the two other high schools in the county. This is a great relief for the many students who wish to participate in extra curricular activities.

Last weekend, September 8 and 9, there was a baseball tournament at Ward Memorial Park. Twelve teams participated, four from Coboconk, three from Norland, two from Fenelon Falls, one each from Lindsay, Kinmount and Burnt River. Five prizes were awarded: A division - Coboconk, first, Coboconk - second, B Division, first - Kinmount, second - Norland, C Division - Norland. About $700 was made. All profits went to the Norland Athletic Association. Another tournament is planned for this weekend - I'll have those results next week.

West Guilford News

By E. COOPER

Several couples went to Ridgetown, Ontario to attend the wedding of Lloyd and Gladys Campbell's daughter, including Brant and Eileen Stamp, Carol and Lyle Stamp, Ron and Erma Sisson, and Jane and Emile Duchene.

Bernie Nicholls is now at hockey training camp in B.C. for the Los Angeles Kings. He is accompanied by his brother David, who was asked to try out for the team.

Mrs. Keith Sisson is again proud great grandmother, this time to the new son of Paul and Wendy Sheridan of Mississagua.

Grace Lawson spent some time with friends recently in St. John, New Brunswick.

Drop-in Centre News

by ANNA M. NICHOL

Persons interested in registering in the Adult Swim program are asked to contact the Haliburton County Office soon. The ten sessions start Wednesday, October 10 and continue until Wednesday, December 12. The membership fee of $30 includes use of pool, sauna and whirlpool. A guest may be brought for a session of $4.

The fun and fitness program has room for new members. The convenor, Connie Love, will be carrying out the Red Cross Fitness program during the class. Date will be announced. Finally, there is room for four more persons, over 55, to take part in the cake decorating presentation and instruction by Anne Barker. This workshop will be held Tuesday, September 25 from 10:00 a.m. to 4:00 p.m. However, you must call our office before September 17, 1984 to be a participant. It will be held in the Haliburton County Home Support Drop-In Centre.

At this time, I would like to welcome Teresa Congdon as part of the Haliburton County Home Support Services staff. Teresa will be the future Drop-In Centre Programmer. Welcome Teresa, I wish you a successful time.

Wilberforce News

Here is a message for those who are tired of all the old re-runs on TV, who are unable to receive cable service and can't afford one of those expensive discs to bring in programs via satellite. There are some fine programs available to those who can be reached by Channel 19. This is the Ontario TV station that serves 92% of Ontarians. Why are we excluded from this entertainment which is basically educational Canadian programming and brings a variety of subjects including, art, science, fitness, etc. plus interesting movies? There is also excellent viewing for children. A group of people in Bancroft are doing some-

IN MEMORIAM

DEAN, Russell - In loving memory of my dear husband, Russell Dean, who passed away September 19, 1976.

I remember the day I met you
And the day God made you mine
I remember the day I lost you dear
And will till the end of time.
But with all my tears and heartaches
This one thing has made me glad
That you chose me to share with you
Those wonderful years we had.

Till we're together again,
love Ethel.

Kinmount Korner

by MILLIE MOSS

Guests at the Percy Brown summer residence in Kinmount recently, were family from Sarnia and Blackstone.

Well folks, the Kinmount and District Horticultural Houseplant Vegetable Show for 1984 is now a thing of the past. Held at the town Community Centre Thursday, September 13, there was a very nice showing of local efforts, but I'm afraid attendance was down from other years. If you want things to go ahead in a community you have to do something about it. Not a thing gets done by your sitting down and saying "If I was running things". We have a nice little town, nice stores, a theatre, laundromat, library, two good service stations, restaurant, community centre, a number of churches, all kinds of activities going on you could get involved in if you were so inclined. There are a few people who seem to be into everything and they seem to be the people who get calls for help and no matter how busy - seem to find time. Others can't be bothered - so be it - but don't sit back and criticize every last thing.

I for one am a director with our Horticultural Society and enjoy it, I am a member of the A.C.W. - not a very good one when it comes to meetings anymore, I'm afraid, but still there when needed, I donate to the card parties even though I don't play cards, work at Avon Inc. Canada, try hard to keep your Post Office looking nice along with the lawns, gardens, snow clearing, am now one of the directors with the Meals on Wheels Programs, have a good sized home to look after plus a second house to worry about, am a wife and mother and now raising my grandson. I also try to be a good friend and neighbour. On top of all this I write a lot of letters and two newspaper columns which gives me this chance to "lay it on you". Don't let our lovely little town go to pot, because you are to lazy to get off your duff.

Next month, October 2, I will be 62. Next July I will not be renewing my postal contract and I may be finished with all my other jobs as well, because Bill and I have not had a holiday in nine years and I intend taking him and Jason on one, so folks, there it is, what's your excuse.

Results of St. Patrick's C.W.I. Card Party August 11, are ladies' high: Norah Brandon, ladies' low: Trudy Thorne, men's high: Bill Thorne, men's low: Mike Caine, lone hands: Mary Phillips. There were seven tables.

Results of the C.W.I. games for August 28 are ladies' high: Pam Swinson, ladies' low: Norah Brandon, men's high: James Simpson, men's low: Lyle Anderson, lone hands: Ann Cain. There were eight tables at this date.

We're very pleased to hear the son of Clara and Ambrose Watson, Cyril Watson, is coming along well following his recent stroke.

Flo and Harold Merritt of Arthur, Ontario, former Howland Junction residents, visited for a few days recently, with Clara and Ambrose Watson. Also visiting with the Watson family were their daughter, Charlene Fountain and her friend, Bruce Hall of Oshawa.

The six year old female Sheltie is still available, free to a good home preferably in the country and no children. If interested, you may call 488-2846.

To all you moms who have two to five year olds, there will be open house for registry into Play School on Saturday, September 29 from 10 am to 11:30 am. From then on playschool will be held each Tuesday and Thursday. Watch this column for time to be decided later and if any change in the age group. You register at the Kinmount Community Hall.

Congratulations to Susan Gooding, granddaughter of June and Bob Cooper of Highway 503, and Robin Zerf who were married on September 8 at the Free Methodist Church in Whitby. The happy couple left on a honeymoon trip to the east coast and will reside in Oshawa upon their return.

Vivian and Ernie Anderson spent last Friday in Lindsay.

I sure hope Gladys Bowman is better from a very bad cold soon.

Sincere sympathy to Clyde Pardy of Lindsay's "Pardy's Variety" and Coboconk, on the death of his grandmother in Newfoundland on Wednesday morning, September 12.

Free to a good home or homes, three adorable kittens, litter trained, lean to gray/white in colour and could be long haired. They're just ready to leave their mom. Call 488-2526.

A heartfelt thank you to one of our young people, Claude Crego. Last Wednesday night I had occasion to make a fast trip down to the Community Hall and Jason was with me. I must confess he did tell me I should take a flashlight but I was in a hurry. Anyway, the road both up and down the hill was inky black and I was walking blind. Claude, bless him was just turning into his drive. He came back, asked where we were going drove us there, waited and drove us home. See folks - there's still hope for tomorrow.

Thank you also, to everyone who donated prizes to our Horticulture Shows, to everyone of you who attended, entered their displays and helped in any way. Let's be bigger and better next year! Congratulations to the many winners.

Stay well and happy, read the Echo, give me a call at 488-2353 and remember: the biggest drawback to budding love these days is the blooming expense.

If you love animals watch our pet columns for the companion you need.

Wilberforce News

from page 8

thing about it and would appreciate your help in bringing Channel 19 to our area. If you would like to participate in the movement send a letter requesting the extension of Channel 19 to cover this area. Address your letter to the Honourable Susan Fish, Ministry of Citizenship and Culture, 77 Bloor St. W., Toronto, Ont. M7A 2R9. Do this right away as the letter should be in the mail by September 24.

At St. Margaret's Anglican Church on September 23 there will be held a special service to dedicate the new church doors in loving memory of the late Rev. George Meades. On Sunday, September 30 the Harvest thanksgiving service will take place in St. Margaret's. Produce from a bountiful harvest, vegetables, flowers and fruits may be left in the church porch on Saturday, September 19th. Canned goods, pickles and preserves will be well received. All of these contributions will be forwarded to the Church Army in Peterborough following the service.

Another project of the Anglican church is that of conducting a drive to collect shoes for Poland. The children of Poland are said to be very much in need of shoes which are almost impossible to obtain. Contribution of children's shoes, to fit those from toddlers to 18 years of age, would be greatly appreciated. Shoes should be in good condition but none of them new. These should be donated by this weekend to be included in the shipment.

It is time to order your hockey calendar. Support you Minor Hockey League by ordering a 1985 calendar now. You may have the birthdays and the anniversaries of the family printed on the appropriate dates of your calendar. Contact secretary Sally Stoughton at 488-2782.

Please note that an error in last week's column gave the wrong number for hockey information. It should have read 448-2782. Sorry about that.

CHACE Place News

from page 7

months - as well as members may vote at the annual general meeting, and anyone may attend.

We hope that all users feel free to participate in as many aspects of the life of CHACE as possible, especially sharing ideas and suggestions. One of our aims is to promote growth in ourselves and our children - surely we can all learn from each other in a spirit of cooperation.

If you're already familiar with CHACE why not bring that new neighbour or friend, drop in and enjoy the friendly atmosphere anytime Monday to Friday, 10 a.m. to 4 p.m., or Saturday 10 a.m. to 2 p.m. and find out also about our many special events and workshops.
